

Holiday Inn, Chicago Tuesday August 18th

Incident Management Shape of Things to Come

In today's uncertain economy, what are you doing to provide leadership in your Business Continuity program? Have you found ways to make your organization more prepared? Have you discovered ways to provide your organization extra value from your BCM program?

eBRP Solutions invites you to a FREE seminar to learn more about maximizing the value of your BCM program:

8:30am **Networking Breakfast**

9:00am – 9:30am: **Getting Value out of your BCM Program**
Terry Schade, SVP, Corporate Business Resiliency, **National City Corporation** (part of PNC).

9:30am – 10:00am: **Effective Incident Management**
Jim Byrom, Manager IT Disaster Recovery at **IRS** (US Dept of Treasury) lays out a blueprint for assuring your organization's preparedness for any disruption. Understand the tools you need to provide your organization's leadership with the decision support, communication and collaboration that a successfully managed Incident requires.

10:00am - 10:15am **Break**

10:15am – 11:30am: **Incident Management Tools Showcase**
eBRP Solutions subject matter experts will demonstrate a complete Incident Management Toolset which assists in Analysis, Plan Development and Incident Management. The tool's provide Decision Support, fosters Collaboration and publishes data to external dashboards for communication with stakeholders. Discover whether this process-centric approach can add value to your organization's BCM/DR program.
